MIMI the cat met with blizzard during a walk and it seems the cat was gone missing.

MIMI the cat is resistant to the cold, but she does not like cold feet. She is proud of its long, cozy whiskers around her face. She likes chicken flavored Temptations. her pride would be hurt if offered too bluntly. It is good to be persuaded in a roundabout way. mimi likes attention.

Various Artists® = Design + Advertising + Digital + This + That

http://byvariousartists.com/

Various Artists is a new creative agency. We don't do this or this, but we do make you feel like this, this, this and this. We're great if you want to feel more like this, or like this, or even like that, but we'll never make you feel like this or this. And definitely not like that. This? Sure. This? Naturally. This? Comes as standard. Hey, if you want to feel like this we'll do it. We're all grown ups. But we try and stay away from this. That's just too far. If you'd like to see some of our work or find out more, you can use this, this, or this.
